

Bid Bulletin 001-2019
Solar Home System - PV Mainstreaming Project
October 10, 2019

From		To	
Bidding Documents - b.7 LAMPS and LED Lights		Bidding Documents - b.7 LAMPS and LED Lights	
Compulsory Requirements	IEC- LM-80-08	Compulsory Requirements	IES - LM-80-08
	IES - LM- 21-11		IES - TM- 21-11
Bidding Documents - B.10 CABLING AND WIRING		Bidding Documents - B.10 CABLING AND WIRING	
Stranded and flexible insulated copper wiring shall be used. Cables used for wiring shall have three years of warranty.	<i>DC cables from Charge Controller to DC light switch: (i.e. DC lighting systems only). 'Flexible multi-strand copper conductor, with 2 conductors in flexible sheath, with polarity indication'. Minimum 0.5 mm² XSA conductor to light switch for individual 3W lights up to 5m; or two 3W lights per circuit, up to 5m only. For longer looms for more lights use 1.0mm² XSA.</i>	Stranded and flexible insulated copper wiring shall be used.
