BID BULLETIN

February 22, 2024

EMERGENCY PURCHASES (RFQ)

There is a change in the scheduling of the opening of bids of the Emergency Purchase with RFQ 12-24 (CT-RATED KWH METERS). As published, it will be opened on the 28th of February but it will be opened on the 27th of February 2024.

As per the published RFQ, the delivery period is 15 days after receipt of P.O. but the template given was longer. Be informed that we will follow the 15 days delivery period after receipt of P.O. and that we will no longer require a bid bond.

There were two items specified in the bid template, however, item no. 1 will no longer be bid thus leaving only item no.2 for bidding. The description of the item no. 2 is revised to: 3-phase CT rated KH meter, 3-wire, Bottom Connected with demand and energy profile (delivered and received) voltage, amps profile, 5 minutes interval, Accuracy Class 0.2. The quantity is still 20 units with an ABC of P60,000.00/unit.

For the information and guidance of all concerned.

(sgd.) JULIUS CEASAR J. BANEZ
BAC Chairman
