

6 September 2023

TECHNICAL ADVISORY NO. 12
Series of 2023

TO : ALL ELECTRIC COOPERATIVES

**SUBJECT : SUBMISSION OF LIST OF POTENTIAL BARANGAY(s) /
SITIO(s) BENEFICIARIES WITH NUMBER OF HOUSEHOLDS
FOR PHOTOVOLTAIC MAINSTREAMING/SOLAR HOME
SYSTEM PROJECTS (PVM/SHS)**

As the nation's goal of achieving Total Electrification by 2028, it is crucial that we explore sustainable alternatives to provide electricity to communities without access to reliable power sources. With this, the National Electrification Administration (NEA) hereby request all electric cooperatives to submit a list of potential barangay(s) or sitio(s) with total number of beneficiaries for the PVM/SHS initiative through board resolution on or before **06 October 2023**.

In preparing the list, please consider the following criteria:

- a. Areas where distribution lines are either physically or technically unviable for line extension;
- b. Areas with dispersed households with no access to the grid;
- c. Areas which ECs deemed not feasible for grid connection within the next 5 years or so.

We recognize that electric cooperatives play an important role in catering to the electricity needs of their communities. By providing us with a list of potential beneficiaries, it would enable us to take a step forward in bringing renewable energy solutions and achieving total electrification.

We would appreciate if you send us the advance copy of the documents at email address nea_ored@yahoo.com.

For your submission and cooperation.

ERNESTO O. SILVANO, JR.
Deputy Administrator for Technical Services
