

27 December 2023

TECHNICAL ADVISORY NO. 17
Series of 2023

TO : ALL ELECTRIC COOPERATIVES

**SUBJECT : SUBMISSION OF LIST OF POTENTIAL BARANGAY(s) / SITIO(s)
BENEFICIARIES WITH NUMBER OF HOUSEHOLDS FOR
PHOTOVOLTAIC MAINSTREAMING/SOLAR HOME SYSTEM
PROJECTS (PVM/SHS)**

As the nation's goal of achieving Total Electrification by 2028, it is crucial that we explore sustainable alternatives to provide electricity to communities without access to reliable power sources.

With this, the National Electrification Administration (NEA) would like to reiterate its request to all electric cooperatives to submit the following for the PVM/SHS initiative on or before **19 January 2024**:

1. List of sitio(s) with number of Households;
2. Barangay Certification;
3. Names of Household Beneficiaries;
4. Location Map

We recognize that electric cooperatives play an important role in catering to the electricity needs of their communities. By providing us the necessary documents, it would enable us to take a step forward in bringing renewable energy solutions and achieving total electrification.

In preparing the list, please be reminded to consider the following criteria:

- a. Areas where distribution lines are either physically or technically unviable for line extension;
- b. Areas with dispersed households with no access to the grid;
- c. Areas which ECs deemed not feasible for grid connection within the next 5 years or so.

We would appreciate if you send us the advance copy of the documents at email address nea_ored@yahoo.com.

For your submission and cooperation.

ERNESTO O. SILVANO JR.
Deputy Administrator for Technical Services
