SUBJECT : 2020 Census of Population and Housing (2020 CPH)

The Philippine Statistics Authority (PSA) will be conducting the 2020 Census of Population and Housing (2020 CPH) from 20 May to 17 June 2020.

The 2020 CPH will be a nationwide government undertaking that involves the collection, compilation, evaluation, analysis, publication and dissemination of data on population count, demographic and socio-economic characteristics of the population, housing/household/barangay characteristics in each barangay, city/municipality, province and region in the country.

The census aims to provide government executives, policy makers and planners with population and housing data to base their social and economic development plans, policies and programs. This will also be the first census undertaking that will adopt the Computer-Assisted Personal Interview (CAPI) technique that will involve gathering of information with the use of an electronic questionnaire contained in tablets.

In this regard, we enjoin the active participation and full support of all concerned EC employees and Member-Consumer-Owners (MCOs) in this undertaking by: 1) responding to interviews by the Census Enumerators; 2) providing truthful and complete answers to questions; and 3) not conducting extensive data collection activities that will coincide with the conduct of the 2020 CPH.

For the conduct of information and education activities for EC employees and MCOs, attached are PSA Board Resolutions Nos. 2, 4 and 5 for your references.

Please be guided accordingly.
