| 16. ALECO | 32. ZANECO | |

The 54 complete submissions are now under review. For those partially and non-compliant ECs, we expect the concerned ECs to submit the complete requirements on or before November 30, 2021 to usedatabase2021@gmail.com. Likewise, all inquiries and clarifications may be sent to the same email address.

Final consultation and presentation with the ECs will be conducted on the 1st quarter of 2022, details of which will be issued accordingly.

Again, we would like to reiterate the urgency of coming up with a unified sitio electrification database that will support all efforts for a more rational and purposive implementation of the Sitio Electrification Program towards the attainment of the country's total electrification.

For strict compliance.
