NOTICE OF CSP RESULT

This is to inform all concerned about the result of the Competitive Selection Process (CSP) conducted by Pampanga I Electric Cooperative, Inc. (PELCO I), thru its Competitive Selection Process – Bids and Awards Committee (“BAC”) for the procurement of 15MW Peaking (Lot C) Power Supply Agreement (PSA).

From December 26, 2024 to January 6, 2025, the BAC made the Bidding Documents available for purchase by interested bidders. As of the deadline, only one (1) bidder had submitted its intent to participate. The same bidder also attended the Pre-bid Conference conducted by the BAC on January 7, 2025.

Given the circumstances, the National Electrification Administration (NEA), through its letter dated January 8, 2025, authorized the BAC to validly declare the bidding as failed. Consequently, the BAC formally declared a failure of bidding for this lot.

This notice is being issued as a requirement in Section 4.5 of the Department of Energy (DOE) Department Circular No. DC2023-06-0021¹.

Issued this January 14, 2025 at Sto. Domingo, Mexico, Pampanga.
